

Second couple from the right! The theme was "Deep Purple" and our decorating committee made string after string of purple & lavender "lolly rocks" and sweet peas for decorations, and then that weekend the lilacs broke into bloom and we had huge bunches of lilacs in vases all around the ball room. The ballroom was really the downstairs (1st floor) of the main lobby - there were two stairways and for the grand march the boys came down one - (from the second floor where we lined up) and they came across and took our arm as we came down the other stairway - I must have looked scared because Hank looked up and winked at me and smiled - and that made it OK!

The Junior Class Pres. was first, the Senior Class Pres. was 2nd and we were 3rd cause Hank was Student Council Pres. and then came football Captain - but Hank was Co-Captain so you can see it was quite an honor, a real happy time to file away among my souvenirs"
